BETTER TOMORROWS.**

We work with them to: find solutions for children in need,
create opportunities and pathways for young people,
provide tools and support for families to stay together.

We find innovative ways to overcome challenges.
And to make the system better.

We help children and families reach their full potential.
And improve life for everyone.

WE WORK FOR BETTER.

OUR PROMISE

Anglicare Victoria works for families, children and young people. We understand their challenges and every day we see their strength.

We know that with the right support, people can achieve their goals. For some this means keeping the family together in tough times. For others it's as straightforward as finding a way to pay the bills.

When those challenges seem too much, Anglicare Victoria provides practical, hands-on support. We offer children, young people and families expert help to resolve differences, build better relationships and find a place to belong.

Working together, for better

3. STRONG YOUNG PEOPLE:

4. EARLY ACTION:

5. LEADERSHIP:

working for an informed, effective and compassionate service system.

THE POWER OF WORKING TOGETHER

People and relationships are at the heart of everything we do.

Real world problems don't fit into neat boxes, so we build flexible solutions around each family's unique challenges and strengths.

City or country, we care for children. We are there - in residential homes, at the kitchen table with families, and reaching out to connect in streets or schools.

We are in local halls and clubs providing relief during fire and flood, and we help families get back on their feet once the crisis has passed.

Family life is complex, so we provide a broad range of services. When parenting seems a struggle, when there is violence in the home or when a family member is struggling with alcohol and drug use, Anglicare Victoria is ready to step in.

We are there for families when they are at risk of losing their children to care, or when they return. We are there for young people who can't stay at home, and we are there for them when they leave care, always working to safely re-connect families

We respond in the here-and-now, but we are always working for better tomorrows. **Together.**

WORKING FOR BETTER

Overcoming these challenges means we never stand still. Our staff draw on the best evidence and research and offers understanding, expertise and hands on experience.

With innovation and unwavering commitment to our clients, we drive real and lasting change. We don't just manage the hard problems, we work to solve them.

BETTER FOR EVERYONE

Every day our clients face their challenges and achieve great things.

The work they do is never easy, and neither is ours. But it has never been more necessary. Together, we can meet those challenges.
